

## ABOUT US

Established in 2019, UV Shipping Services is the well growing forwarding company and most reliable shipping and logistics providers in the coastal city of Visakhapatnam, Andhra Pradesh. We have offer quality logistics services for ocean freight, warehousing, custom clearing, port operations etc. We do have immense rapport with all shipping lines, CHA's, NVOs and operators of other transport modes and we are a truly multimodal freight logistics company, with streamlined operations, a large fleet, competitive costs, and high security and quality standards.

## MANAGEMENT

UV Shipping Services employs a team of professionals that follows up and follows through each and every transaction we manage. With our team and network we aim to be the most reliable freight forwarding and Logistics Company in the market with an inspired, people-driven and dedicated approach to serving our valued customers

## WHY UV SHIPPING SERVICES?

UV Shipping Services is successful freight forwarding and logistics services in challenging market. As of our immense rapport with all the shipping lines, CHA's and other transport modes, we will provide competitive rates. Whether you are looking to relocate household goods across domestic region or move an offshore drilling platform across the seas, UV Shipping Services has the capability, expertise and experience to make it happen. This is why UVSS is the preferred choice of many customers in our region. You will get personalized service at every level with UVSS because we are truly independent, make our own decisions and specialized in our home market.

## OCEAN FREIGHT

Ocean Freight is one of the key elements in multimodal transportation service. In order to offer the best service possible, we have a dedicated Ocean Freight Department specializing in FCL, LCL, Break-Bulk, Project Cargo and different types of cargoes on a global scale

The flexibility and range of Ocean Freight Services offered by UV Shipping Services provides our customer economical alternatives to other, more costly modes of transportation. Our worldwide logistics services cover not only shipments from port-to-port, but also the complete door-to-door supply chain solution. Over the years, UVSS has fostered strong business relationship with all major international and regional ocean carriers

### Our Sea Freight Services include:

- FCL and LCL import and export
- Issuance and verification of shipping documentation
- Export and import customs clearance
- Warehousing, assembly and distribution logistics
- Conventional shipments (break-bulk, dry & liquid bulk)
- Sea / Rail transportation
- Sea/Road and Sea/Rail Intermodal Services
- Domestic Transportation

### MISSION and VISSION

Our mission is to provide reliable and efficient transportation and logistics services that enable businesses to operate seamlessly and efficiently while minimizing their costs and reducing their environmental impact.

Our aim is to be the most reliable and efficient transport and logistics partner, delivering exceptional customer service, and empowering businesses to grow and succeed.

## ROAD TRANSPORT

Most transport chains include trucking at either the beginning or the end. UV shipping Services integrated transportation and logistics service includes Road Transportation Service having an own fleet of multipurpose trucks and trailers, UVSS offers competitive pricing coupled with a reliable and world class quality road transportation and distribution services within the domestic region.

## TRACKING & UPDATES

Tracking & updates refer to the real-time monitoring and reporting of the location, status, and estimated delivery time of shipments during transportation.

## CUSTOMS CLEARANCE

Customs documents filing and supervision is only handled by specific staff whose core expertise is to deal with tariff classifications, duty rates, timely and meticulous documentation, forecasting probable customs queries and liaison between customer and customs authorities. Specialized in on-time Clearance to all type of products as per the regulations & norms of the Customs and more capable of handling all types & modes of shipments.

Customs clearance services are an essential component of international trade. It refers to the process of getting goods through customs and borders, including meeting regulatory requirements and paying any duties or taxes that may apply. Customs clearance services are typically provided by freight forwarders, customs brokers, or logistics companies who specialize in navigating complex customs regulations and procedures. These services may include preparing and submitting customs documentation, handling inspections and audits, arranging for the payment of duties and taxes, and coordinating with other parties involved in the shipment.

Efficient customs clearance services can help ensure that goods are delivered on time and in compliance with local laws and regulations, which is crucial for businesses involved in international trade. With the increasing complexity of global trade, customs clearance services have become an essential part of the supply chain for many companies.
